GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

LITTELL'S LIVING AGE,
E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but whilst thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of, the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, [which is extending over the whole world,] and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement---to Statesmen, Divines, Lawyers, and Physicians---to men of business and men of leisure,---it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,---or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.
J. Q. ADAMS."

From the Boston Chronotype.

Consumption is the great curse of our northern altitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood, Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

NEWPORT,

BY CRANSTON & NORMAN,

127 Thames Street.

MONDAY MORNING, OCT. 21 1850.

New York, Oct. 17th, 1850.

Mr. Editor :—

I have often been surprised at the ignorance existing among the professed pleasure-seekers of this city, regarding scenes and places, situated but a few hour's ride from their own firesides.

Our Fashionables will leave their cool and comfortable domicils, during the very hottest of hot weather, for 8 months visit to Newport, Saratoga, or Niagara, which they are pleased to denominate, Country; there they will submit to be squeezed into an ill-ventilated little room, to which, in their own homes, they would not condemn a chambermaid, endure, with martyr-like fortitude, the numberless miseries incident to a residence in a crowded and fashionable hotel, bearing, with becoming patience, the Cabman's insolence, the Waiter's contumely, and the Landlord's unblushing extortions, and all for the ostensible purpose of a sea-bath, or a few tumblers of remarkably disagreeable water, tasting, to use Sam Weller's simile, like "warm flat-irons." After a month or six weeks spent in suffering every species of discomfort, they return home, to find their houses rifled of everything portable, even to the door knobs and bell handles, or should they, by retaining their servants on board wages, avoid that catastrophe, the good lady has the satisfaction of ascertaining that during her absence, the cook and chambermaid have held nightly levees in her front parlour, and that a few days previous to her return, a grand ball was given, to which every servant in the block, and all the unmarried policemen of the district were invited. After the Governor has ascertained the extent of his loss, to remedy which, he establishes a species of sinking fund, created by lowering the wages of his employees, and limiting the amount of pin money,—or his spouse has dismissed the delinquent servitors, without warning, or character, the family sit down, and talk over their summer pilgrimage; they can describe their rides at Saratoga, they were so very expensive, they can dwell upon the perils of the ferry, at Niagara, for there Mama ruined her pet dress, they can expatiate largely on the magnificence of the scene that bursts upon the eye from the piazza of the Catskill mountain house, for it is all written in the "tourist's guide,"—but they never talk of the grandeur of the Passaic falls, of the invigorating influence of the cool seabreeze of Neversink, of the glorious view at sunset, from the wooded heights of Staten Island,—of these they know nothing; they are not *fashionable*. How strongly such ignorance illustrates the truth of the very trite remarks that mankind never appreciate the common blessings and advantages by which they are surrounded.'

Why, sir, there are villages within thirty miles of this city, which have never yet been invaded by the sacrilegious hand of improvement, whose echoes have never rung to the thundering tramp of the iron horse, whose inhabitants still believe that Jackson is President, and who ascribe all financial embarrassments to Nick. Biddle, and the United States Bank; who have no faith in the utility of steamboats, and eschew the telegraph, as a diabolical invention. To the tired cit, who chances to stumble within their precincts, these out of the way nooks and corners, must seem a perfect dreamland, and when, after a week's residence, he finds himself reclining on the velvet turf, whistling from lack of thought,

> "And gazing in the summer sky,
> Where the sailing clouds go by
> Like ships upon a sea."

he is far from being astonished at his situation, for so pervading is the quiet influence of the scene, that his conduct appears to be the most natural thing possible, and he fully realizes the idea of being in the world but not of it.

I was led to the foregoing reflections by a visit that I made yesterday to Passaic Falls. It was one of those glorious Autumnal mornings that belong exclusively to our climate; a thin haze was spread over the distant landscape, which, like a veil on the face of Beauty, served but to increase the charms it partially concealed; a light breeze sighed in fitful gusts through the chasm, where the waters, crested with tawny foam, came tumbling down, the,——the,——Bah,—I always fail in description, so you must fill up the picture, by imagining every thing that is beautiful, as accessaries to the scene. I lingered around the Falls for hours, undisturbed by the presence of a single individual, and this was within fifteen miles of the city, almost within hearing of the pulsations of its mighty heart.

Remove the Passaic to the interior of Canada, let it cost a week's time, and fifty dollars to get there, build a big Hotel, of three hundred biped capacity, stow six hundred into it, charge them five dollars a day for board, and give them nothing to eat; let Mr. Veriard, our great Pork Operator pronounce it "Prime," and Mr. Verisopht of Bond street, assure his friends that "weally it ith extwemely thefect," let these things be done, and the Falls would be visited by thousands; in a word, become *Fashionable*. Believe me, sir, there is no romance in this commentary on the task of the New Yorkers. New Yorkers! what an abominable name! I wish that our Legislature would read "Irving" on National names, or that we could realize how ridiculous our appellations sound to foreign ears. Long Island can boast of its Jericho, its Babylon, Mount Sinai, and Jerusalem; why one would think that the lost tribes of Israel had discovered and settled the land. Cortland County has evidently been subjected to an inroad of schoolmasters, for the villages of Homer, Virgil, Cincinnatus and Solon are all found within its limits. To reach Buffalo, we must travel by the way of Rome, Syracuse, and Palmyra. It's but an afternoon's ride from Dan to Beersheba, and our Ultima Thule, is in Servier County, Arkansas.

Marryatt says, speaking of Syracuse, in this State. "I do detest these old names vamped up; why do not the Americans take Indian names? They need not be so very scrupulous about it, they have robbed the Indians of every thing else." Irving proposes that the name of this State and City be changed to that of the State of Ontario, and the City of Manhattan. God speed the proposition, say I. Compare for one moment the two words,—Manhattanese! New Yorkers! The one poetical, the other of such a nature as would deter the most inveterate rhymer from meddling with it. I love the old Indian names, they are usually sonorous and striking. Even "Wallabigosqueguamout." is far more pleasing to my ear than Lake Leman, and I would rather pronounce "Chipunetekook" fifty times an hour, (which, when tried, will be found no trifling matter,) than to use its modern title of Grand Lake, once. How nonsensical it sounds to say, old New Yorker, old Newporter! yet those paradoxical terms are strictly correct, and until the Lord, in his mercy, is pleased to grant unto our rulers an increase of wisdom and taste, we must continue to use them. No Virgin of five-and-forty ever prayed for a new name with one half the vehemence, with which I pray for a change in our National nomenclature.

It is my intention to start early next week on a Missionary tour to the benighted regions of New Jersey; it will be quite an era in my life, for, with the exception of a trip or two to Canada, I have never yet been out of the United States. Should I live to return, you may expect to receive an account of my adventures. In my last letter, I notice a typographical error, which, as a matter of course, I shall attribute to your *devil*; the date of the act to which I referred was 1793, not '98; please kick the rascal for his blunder, and oblige

Yours most truly,

ADAM.

☞A portion of our community was thrown into considerable excitement yesterday, by the announcement, in the streets and business circles, that an injunction had been issued against the Mechanics and Manufacturers Bank, and that the cashier was a defaulter to a large amount. The announcement proved to be true; and the following we ascertained to be the circumstances under which the true condition of the Bank was exposed. A short time since it was brought to the knowledge of our State Executive that the cashier's check, drawn upon New York and Boston Banks, had been protested for non-payment, and that other circumstances, known only to a few of our citizens, were calculated to excite suspicion that all was not right. Whereupon, the Governor appointed Messrs. Allen O. Peck and Henry V. Lothrop, commissioners to examine into its condition. They commenced the discharge of their duties on Wednesday, by taking the statement of the cashier, who represented, under oath, that everything was in sound and proper condition. On Thursday, however, the Commissioners proceeded to an examination of the books of the Bank, in connection with facts which had come to their knowledge, and very soon satisfied themselves that the books furnished no indication of the real condition of the Bank; and on asking an explanation of the cashier, he acknowledged himself a defaulter to the amount of from $70,000 to $80,000. An application was immediately made for an injunction, which was granted, and Lewis P. Childs and Walter Paine, Jr. were appointed receivers. Of course, opportunity has not yet been had to make a thorough examination of the Bank's affairs, and to ascertain what is the precise amount of the Cashier's defalcation; this work will be proceeded with, and in due time, we presume, a full statement will be given to the public. In the mean time, we should state that there is no cause for alarm on the part of billholders, as the private property of the stockholders is held for their redemption, and for all other liabilities.

As we have a *Mechanics Bank* and a *Manufacturers Bank* in this city,—both presumed to be in good condition—we take the liberty to ask papers abroad which may notice this defalcation to give its full name,—"*Mechanics and Manufacturers Bank*," Sylvanus G. Martin, President, and Albert W. Snow Cashier. The capital of the bank is $500,000, but only $166,000 has been paid in. The cashier was arrested yesterday, and held to bail.—*Prov. Post.*

BY TELEGRAPH.

New York, Oct. 18.

The steamship Crescent City, from Chagres, arrived at this port at 4 o'clock this morning.

The Crescent City, brings dates from California to Sept. 15th, and 442 passengers. The latter have $1,000,000 in gold dust, and the steamer has on freight $22,500.

The Crescent City does not bring the mails. They come by the Philadelphia. The Republic and Sarah Sands were to sail on the 17th.

The Philadelphia arrived at Chagres on the 7th.

The steamship Tennessee arrived at Panama on the 4th, with one million dollars on freight, 250 passengers and the U. S. mails. She left San Francisco on the 15th.

The Equador left same day with 60 passengers. The Isthmus was to sail from San Francisco on the 20th.

Jno. W. Haskell, of Boston, and Jno. Haughton, of Windsor, Vt., died on board the Crescent City.

No cases of cholera have occurred for the last two weeks at Chagres.

At Cruces and Panama, it is healthy. The Isthmus roads to Cruces are in better condition. The Gorgona road is also better.

[*From the Pacific News.*]

Since the sailing of the last steamer our city has passed through a financial crisis and excitement never known in our midst. One of the most extensive banking and trading houses here has failed, followed by a suspension on the part of two other houses and one private banker.

The run on the remaining Banking Houses was great, but without any disastrous results.—Checks were promptly paid, with the exception of one house, which closed on the second day. Confidence now seems restored.

An extra session of the Legislature has been called for, to consult on the financial embarrassment of California.

The advices from the Sandwich Islands are to the 3d of August, but they are not important. The 7th anniversary of the restoration of the Islands was celebrated on the 31st of July.

Rain had fallen at San Francisco, Stockton, San Jose, and other places, which indicates that the rainy season was near at hand.

The non-admission of California by Congress, had created much feeling.

Nominations were making for candidates for the ensuing election.

The expedition to the Klamath and Umpqua rivers was highly successful, and much valuable and important information was derived, including many new and rich discoveries.

From the mines generally the accounts are satisfactory.

Improvements were rapidly going on in San Francisco, and business was assuming a better tone. The City Treasury would soon be replenished.

From Oregon the accounts of prosperity are encouraging. New towns were springing up at every point.

Gov. Gaines and family had arrived at Oregon, in good health. Steam communication is now had with San Francisco.

Philadelphia, Thursday, Oct. 17.

A great crowd assembled early in the evening, both at the back and front of the Chestnut-st. theatre. A large police force was in attendance and prevented confusion. The house was crowded and the greatest enthusiasm prevailed. On Jenny Lind's appearance considerable time elapsed before sufficient order prevailed for her opening piece from the Somnambula, which was succeeded by a perfect shower of bouquets. The orchestra is composed of the best musicians in the city.

Richmond, Va., Oct. 17.

While the Hon. Henry A. Wise was engaged in an animated debate in the Virginia Convention, he received a telegraphic despatch informing him of the sudden death of his wife in Accomac, where he had left her but a few days since, in a perfect state of health. The announcement caused much sensation in the Convention. Mrs. Wise was a daughter of the Hon. John Sergeant of Philadelphia.

The Austrian Butcher.—It is stated, in some of the German journals, that Haynau's visit to London, was for the express purpose of testing the state o public feeling towards him. The result must have been satisfactory.

Quitman's Sarcasm.—Gov. Quitman dates his proclamation the 34th year of "the Independence of Mississippi;" at which the Southern ultras are highly delighted.—*Exchange.*

We don't think it that long since Mississippi repudiated.

Ex. Gov. Aikin, of South Carolina, has subscribed $1,000 to a Southern Rights Association.

A Great Pigeon Roost is at present to be seen about a mile and a half from Ravenna, Ohio, where millions of pigeons congregate, producing a noise like the roaring of the ocean, and which is heard at a great distance. At night numbers of persons repair thither with all manner of weapons, and kill and afterwards bear away loads of pigeons.

One of the English papers thus sums up American news:

"In America, Professor Webster has been executed, and Jenny Lind received with nonsensical enthusiasm."

Vermont U.S. Senator.—Hon. Solomon Foote, of Rutland, has been elected U. S. Senator by the Legislature of Vermont for six years from the 4th of March next, vice Hon. Samuel S. Phelps.

Who Sustain the Fugitive Slave Law? The Locofocos of Pennsylvania have just re-elected FOUR members of Congress who voted for the Fugitive Slave Law!

Novel Advertising.—A dog covered with advertising placards perambulates the Strand and Fleet street, London, with the utmost gravity and decorum.

EXECUTORS AND COMMISSIONERS NOTICE.

THE subscribers having been appointed by the Court of Probate of the town of Middletown, Commissioners to receive and examine the claims against the estate of Hersey Bradford late of said Middletown, dec., represented insolvent, and six months is allowed from the date hereof for the creditors of said estate to bring in and prove their claims, we will meet at the counting room of Benjamin Marsh in Newport, on the last Fridays in December, January and February next, at 3 o'clock P. M. for the purpose of deciding on claims presented to us.

Newport, R. I. Sept. 16th 1850.

GEORGE W. TAYLOR,
BENJ. MUMFORD,
BENJAMIN MARSH, } Commissioners.

The undersigned having been named as the Executor of the last will and testament of said Hersey Bradford, has accepted the trust and qualified himself as the law directs, he requests all persons indebted to said estate to make immediate payment to EDWARD VAN ZANDT,

sept. 24. 4 w. Executor.

PROFESSOR A. C. BARRY'S
TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close — All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.— It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

A RARE CHANCE TO MAKE MONEY.

FOR SALE, cheap, an exhibition of a novel and attractive character, which can be travelled with and exhibited for a trifling cost, it is with one exception the only one in the country, and is offered for sale, as the proprietor has other business which prevents his travelling with it. It embraces more than 100 different views of various subjects, each view covering about 100 Square feet, the whole forming a collection of nearly 100 splendid paintings which exhibits a greater variety of interesting subjects, and more extensive scenery than any exhibition in the country. If a young man with a small capital, desirous to make money or to any one capable of attending to it, it offers an inducement which is rarely met with. The cost of exhibiting it for one night is less than 25 cents. The price is $175
Any one wishing to purchase may apply to Mr PHILIP RIDER, Thames Street.

MORE LIGHT.

As the evenings are getting longer, it is of great importance to economize in our *lights*, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always made, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Pine Oil and Burning Fluid to call at once, for it stands in the same proportion to quality as our safety Camphene does in comparison with the trash furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I dont hesitate in saying I can give the public a better and fresher article than can be purchased elsewhere.

A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Whinchenson, Worcester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars*, one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures; and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord. TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and but one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

Warranted to give perfect satisfaction, or the money will be refunded.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering using our name, and by this means imposing on the public; and it is to prevent this

GROSS DECEPTION,

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will henceforth be known by the name of the NEW ENGLAND TEA COMPANY.

Remember that the only Stores of the Old Original Tea Company are at 54 Westminster Street, Providence, and 130 Washington Street, Boston, and are distinguished by the name of the

NEW ENGLAND TEA COMPANY.

TO FAMILIES,

they offer, in 6 lb. boxes, lined, and rendered impervious to the air,

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and other kindred diseases of the blood—and if the VERY SMALL QUANTITY HAS cured of a Medicine to effect cures of such diseases, be any proof of the purifying medical power in the Medicine which has relieved and conquered such diseases—then there is unquestionable evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine, in every respect; and there is abundant [illegible] in great cures effected, that ONE BOTTLE of it contains more purifying, healing virtue, and medical power, than there is contained in FOUR BOTTLES of any Sarsaparilla, or any other medicine that has ever been offered for sale. There is unlimited proof in our pamphlets, that by the use of this great Indian Purifier, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS, or otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested all the Sarsaparillas and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest;

because one bottle of it has more medical, curative matter in it, and, in consequence, cures more disease, in much less time, than one bottle of any other medicine.

If, then, one bottle of BRANT'S PURIFIER will cure FOUR TIMES more disease than one bottle of Sarsaparilla—"BRANT'S PURIFIER" would be as cheap at four dollars a bottle, as sarsaparilla at one dollar. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it has cured, and is capable of curing, FOUR TIMES as much disease as one bottle of Sarsaparilla, therefore, Sarsaparilla, in consequence of its less power and less medical efficacy, should be sold at no more than twenty-five cents per bottle, to be as cheap as the PURIFIER at one dollar.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will one dollar's worth of BRANT'S PURIFIER cure? Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a dying man who yet lives. He was cured of a worse case of SCROFULA, by only twelve bottles of Brant's Purifier, than ever was cured by the use of twelve GALLONS of the best Sarsaparilla that was ever made. Sarsaparilla has not sufficient medical power to effect the cure of such a revoltingly hopeless case.

Mr. J. B. HASKIN, of Rome, Oneida Co., N. Y., had Scrofula four years—was confined to his bed the last year—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the best medical advice—had used ALL of the best Sarsaparillas to no good effect—got worse and worse, and was considered to be in a dying state, and could not live twenty-four hours longer, when he commenced using BRANT'S PURIFIER. His neck was eaten nearly off, from ear to ear; a hole was eaten through his windpipe, under his chin, so that he breathed through the hole; his arm was so eaten around that it could be lifted out of its place, it only holding by a small piece; the use of one arm was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly eaten through his side into his body. Thus he was afflicted with twenty such putrid, acrid, offensive ulcers, on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skillful physicians of Rome, was called to see Haskin the day before he commenced using Brant's Purifier. Dr. W. examined him, and then told him that all the medicines in the world would not cure him—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of BRANT'S PURIFYING EXTRACT, of Bissell & Leonard, druggists of Rome. I commenced using that, and began to get better. That bottle enabled me to get off my bed, where I had been confined one year; the second bottle enabled me to get out of the house; the third bottle enabled me to walk two miles, to Rome Centre, where I procured six bottles more; and when I had finished using them, seventeen out of twenty ulcers had healed up—and three bottles more effected a PERFECT CURE of all the ulcers, and restored me to good health."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. D. R. BROWN, proprietor of the West-Rome Hotel—Messrs. BISSELL & LEONARD, wholesale and retail druggists, and ELEVEN other respectable witnesses.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York [illegible] "I have just received a letter from Mr. [illegible] relative to the cure of his Fever-sore. [illegible] Some years since he had [illegible] a Fever-sore. The other leg being now affected, he [illegible] to be amputated, I recommended BRANT'S MEDICINE [illegible] Read the result. He says: 'I have used only three [illegible] of BRANT'S MEDICINE. I placed ALL [illegible] your recommendation, in that Medicine, and I can now say that, with the blessing of God, it has effected a cure of my leg.'" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of Stamford, Conn., one of the first and most respectable physicians, was afflicted with Liver-Complaint many years, and was perfectly cured by using BRANT'S PURIFYING EXTRACT. We could refer to hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been half as [illegible] and effectual in restoring ALL the incidental weaknesses and irregularities of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement [illegible] retention, or other weakness—it REGULATES [illegible] the strengthening the SYSTEM, equalizing the CIRCULATION, and soothing and allaying NERVOUS IRRITABILITY. See pamphlets.

Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co., February 1, 1848.

"M. T. WALLACE & CO.—Gentlemen: I was, for more than [illegible] years, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great [illegible] sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, eased and relieved the small pain after eating. I [illegible] procured a second bottle, which has completely cured [illegible] I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LEUCORRHŒA, &c.

"BYRON, Genesee Co., N. Y., Oct. 12, 1847.

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of Leucorrhœa and Nursing Sore Mouth, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until our skill was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking Brant's Medicine she weighed no more than eighty-five pounds; but by the time she had taken four bottles, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks. Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "our skill." He, we are informed by Z. S. TERRY, Esq., of the same place, has studied Medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a perfect and thorough eradicator of all the effects of MERCURY, or any of the various preparations of CALOMEL or MERCURY, from the system; and it restores the blood, muscles, and all the parts diseased, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. MOLTSTANDER, merchant, Oberlin, Lorain Co., Ohio, wrote, December 19, 1848, and after having stated how [illegible] a charm the PULMONARY BALSAM had effected [illegible] cure of his wife's consumptive cough, said: "I have personally used BRANT'S PURIFYING EXTRACT, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used. In every instance where we have sold BRANT'S MEDICINES, they have proved their efficacy, and given the BEST SATISFACTION."

SALT RHEUM,

and all impure chronic diseases of the BLOOD, are always cured by BRANT'S EXTRACT.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

Is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE.—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has never returned; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured.* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—*real, undoubted cases of ulcerated and diseased* LUNGS—such HOPELESS cases as were never before cured by any other medicine. So utterly hopeless were some of the afflicted persons, as to have been pronounced by physicians and friends to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS, and elsewhere internally, as certainly and easily as the* PURIFYING EXTRACT *cures and heals ulcers externally.* This Balsam cures NINE cases of Cough and Consumption out of TEN, *after all other remedies have failed to do good.*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove the unfailing efficacy in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery* and *Summer Complaints* in *Children* and *Adults,* and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, SO FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For the *particulars* of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many other, almost equally hopeless,* and numerable cases of *Cough and Consumption CURED,* which were pronounced *incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan,* about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs,* as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and had no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was entirely relieved,* and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* a WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania,* wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years,* was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio,* wrote to us, October 2, 1849, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief *from the best physicians and numerous medicines,* but found none, for the fatal hand of that unrelenting monster, *Consumption,* had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all *friends,* as one who would soon inhabit a grave. But even in this last extremity, strange and marvelous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man.*

S. D. DANN, Esq., *merchant and postmaster at Jefferson,* an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his CURE, and all the above-named facts.*

Could not Live a Day longer!

Messrs. E. H. CALDWELL & CO., of *East Oswego, Oswego Co., N. Y.,* respectable druggists, wrote to us: "We have just learnt, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption,* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its medical efficacy has raised her from a DYING BED, so that she is now *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.,* said BRANT'S BALSAM had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough medicine could be sold there; that *it had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it *was useless to take any more medicine.* He then, *when no hope was left,* began to take BRANT'S BALSAM—got WELL—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. D. CLARK, *merchant, Clyde, Wayne county, N. Y.,* wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons,* several of whom I am acquainted with, who were as hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH!"

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.,* wrote, August 24, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs,* and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the country. He used *only five bottles.* It has also cured a young lady of *Consumption* in Orleans county, which her father says *no doctor could cure.*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.,* January 15, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction,* than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bad case of severe and severe sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE with a *Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking BRANT'S BALSAM—and now she is well!"

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, *in children or grown persons, cured without any failure whatever.* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum,* or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *twice as large portions* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.,* wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM by having witnessed some most *wonderful cures* of CONSUMPTION produced by it, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the *efficacy* of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the *medicine,* he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with *great* difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.,* January 15, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold; and I want immediately another supply, for they *sell more rapidly,* and give *better satisfaction,* than all the other medicines we have for sale.

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,
Prepared by
DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters,* invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Cahill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of other deserving.

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug,* and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light. Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.

Warranted to give perfect satisfaction, or the money will be refunded.
